

SSCS

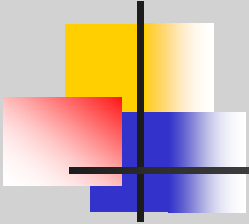

The Self Supporting Civil Society

Dick van Elk

INFORSE-Europe & EREF European Sustainable Energy Policy Seminar
Brussels - 28-04-2009

Proceedings: http://www.inforse.org/europe/seminar09_BXL.htm

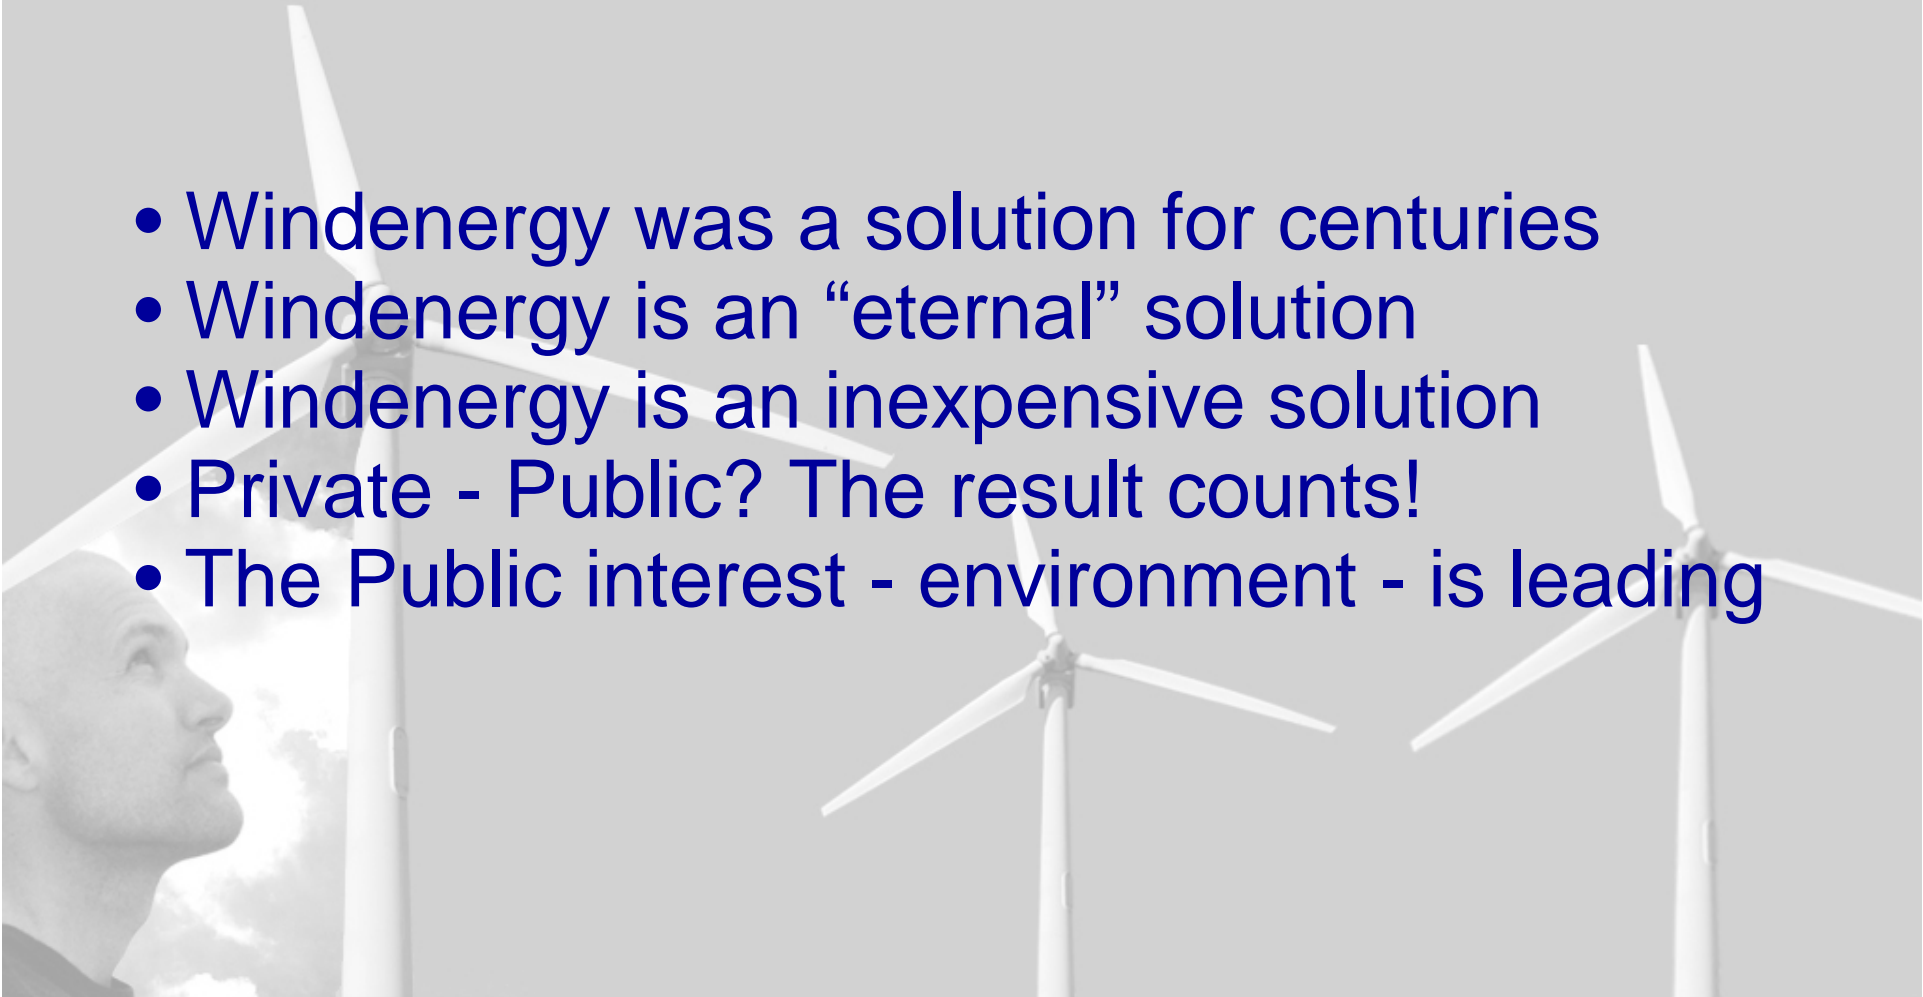

SSCS

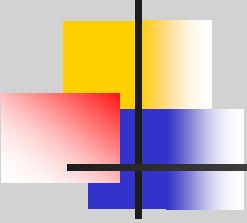

- Vision
- History
- Status 28-03-2009
- To be resolved
- Directions

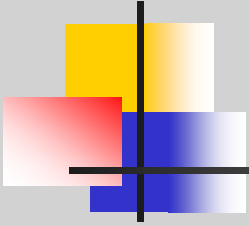

SSCS - Vision

- 
- Windenergy was a solution for centuries
 - Windenergy is an “eternal” solution
 - Windenergy is an inexpensive solution
 - Private - Public? The result counts!
 - The Public interest - environment - is leading

SSCS - *History*

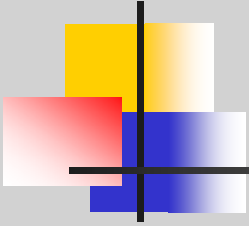

- 20 years ago: let's do something
- 10 years ago: idea of selfsupport develops
- 1 year ago: negotiations with Eneco
- ½ year ago: start pilot with Eneco
- 1 month ago: Eneco plees for selfsupport

SSCS - Status - 28-03-2009

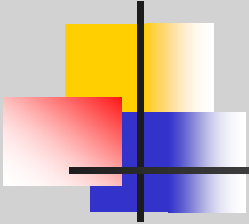

Self Support is
a fact of life
(although an experiment)

SSCS - To be resolved

- All communities should know
- All churches should know
- All organisations should know
- All people should know
- Finance must support us . . . or . . .
- Finance/Economics Affairs/the government must change!

SSCS - *Directions*

- Communities: 150 - 180 turbines - 2MW (est.)
10.000 turbines - 2 MW (pot.)
- Churches: 300 turbines - 2MW(est.)
3.000+ turbines - 2MW (pot.)
- Gouvernement: + 2.000 MW by 2011
+ 8.000 MW by 2020
- Yes we do . . . (at least we can)

Discussion
